

SHUBHAM BHAGWAN MHASKE

Computer Engineer

Jalna, Maharashtra - 431203 | 9765887525 | shubhammhaske19@gmail.com

[linkedin.com/in/shubham-mhaske-753a53269](https://www.linkedin.com/in/shubham-mhaske-753a53269)

OBJECTIVE

Aspiring Full Stack Python Developer with hands-on experience in Python, Django, Flask, SQL, HTML, CSS, JavaScript, and Machine Learning through academic projects. Seeking an entry-level Software Developer role where I can apply my technical skills, learn from experienced professionals, and contribute to organizational success.

EDUCATION

Bachelor of Engineering in Computer Engineering

Dr. Babasaheb Ambedkar Marathwada University (BAMU), Aurangabad — 2022-26 | CGPA: 6.74

Higher Secondary Certificate (HSC / 12th)

Moreswar College, Jalna — 2022 | Percentage: 79%

Secondary School Certificate (SSC / 10th)

Shanti Niketan Vidya Mandir, Jalna — 2020 | Percentage: 84%

SKILLS

Programming Languages: Java, Python, C, C++

Web Development: HTML, CSS, JavaScript, Flask, Django

Database Management: MySQL, SQLite

Machine Learning & AI: TensorFlow, Keras, OpenCV, NumPy

Tools & Platforms: Git/GitHub, VS Code, Jupyter Notebook

PROJECTS

Crop Disease Detection Using CNN (ML-Based) — *Flask, TensorFlow/Keras, Bootstrap*

- Developed an AI-based plant disease detection system using Flask and TensorFlow
- Integrated a trained deep learning model for accurate disease classification
- Implemented image upload and real-time prediction functionality
- Applied image preprocessing using OpenCV for improved model performance
- Authored a research paper titled "AI-Driven Plant Disease Detection Using Convolutional Neural Networks"

Hospital Management System — *Flask, SQLite, HTML/CSS*

- Developed a role-based system with Admin, Doctor, and Patient modules
- Implemented appointment booking, payments, and CRUD operations

Smart Water Motor System — *ESP32, IoT, Sensors*

- Developed an automated water motor control system using ESP32 and water level sensors
- Implemented dry-run protection by automatically stopping the motor at low water levels
- Integrated real-time monitoring and control for efficient water management

CERTIFICATIONS

- Oracle Certified Foundation Associate
- Infosys Website Development Tutorial
- Bootcamp on Artificial Intelligence
- Green AI (Course/Workshop)
- Introduction to Retrieval Augmented Generation
